

South Korean delegations on Oktal Synthetic Environment's booth

It was a high pleasure for Oktal Synthetic Environment to welcome South Korean delegations on our booth at 46th International Paris Air Show, June 2005.

Wednesday, June 15th, 2005

André Joly, Oktal-SE's Business development, is receiving **Major-General KIM**, RoKAF (on the right of the picture) and **Lieutenant-Colonel JUNG**, RoKAF (on the left)

Thursday, June 16th, 2005

André Joly is presenting Oktal-SE's activities to **Lieutenant-Colonel LEE**, RoKA (on the left), in presence of Mrs Gui SUK, interpreter.

At the occasion of these visits, the overall activities of Oktal Synthetic Environment has been presented. This includes:

- Overview of the SE-Workbench for infrared, electromagnetic and acoustic simulation,
- Specific infrared simulation products new features: simplified sensor models and physical 3D mock-ups,
- Ongoing electromagnetic development projects on RCS computation, electromagnetic fields assessment, SAR imaging computation.
